SWEDEN PREPARING TO FIGHT NORWAY

King Oscar Will Not Agree To A Peaceful Separation.

NORWEGIAN ARMY IS MOBILIZING

An Invasion of Norway by Swedish Troops Will Be Resisted—Different Norwegian Ports Have Been Ordered Closed—Battle Looked For.

Stockholm, Sweden, July 5.—Sweden is preparing for war with Norway. The first hostile move was made when the government issued a proclamation, to become effective immediately, declaring Stockholm, Karlskrona, Gothenberg and Farosend to be war ports and excluding all foreign warships from entering their harbors.

It is reported here that the Norwegian army is already being mobilized on the frontier and that a clash may occur at any time. The movement of the Norwegian army began on Friday, but at that time Norway denied that any warlike purpose was in view.

The explanation given out for this extraordinary movement of troops was that the annual reviews were in progress and that nothing more was intended. Following close upon this, however, came the anouncement that the Swedish government had introduced in both houses of the national legislature a bill placing $25,000,000 at th eimmediate command of the government to enable it to take such measures as it might deem necessary in the crisis with Norway.

It is now reported that orders for the mobilization of the Swedish army have already been given and that the troops are beginning to assemble at their respective meeting places.

The military establishments of both countries are on an excellent footing and are splendidly equipped and officered. The first clash, if it comes, is likely to take place in the mountain passes near the frontier, which have already been fortified and which are capable of a strong defense. Sweden, of course, will be compelled to force her away across the mountains if she hopes to conquer her neighbor.

Exchitement in Christiana.

Christiana, July 5.—It is reported that a Swedish squadron is on its way here. There is intense excitement. Two armies of Norway and Sweden now confront each other along the frontier. An overt act may precipitate fighting at any moment.

OPPOSED TO HANGINGS.

Indiana's Governor Is Against Capital Punishment Law.

Michigan City, Ind., July 5.—Berkeley Smith was hanged in the yard of the state penitentiary here, thereby expiating the murder of his wife in Indianapolis.

Governor Hanley, although admittedly opposed to capital punishment, had refused to interfere. Referring in Indianapolis to the pardon power conferred to him by the constitution, he said that he greatly desired to save Smith's life, but must execute the law. He added:

"I have a profound conviction that the state has no moral right to take the life of a citizen except in self-defense, as in the enforcemnt of the law, maintenance of peace and order, or, as in case of riot, insurrection or rebellion.

"Human life is too sacred to be otherwise taken, even by the state itself. Were the state to adopt that policy it would do more to inculcate respect for human life than it can do by any number of executions. I shall appeal to the people and ask that the provision be stricken from the law by the next general assembly."

Women Killed in Their Room.

Scranton, Pa., July 5.—Mrs. May J. and Mary Woodling, white women, were murdered in their rooms at their [illegible] Capitol street, Hyde Park, [illegible]

DIVORCED CHURCH AND STATE.

France Has Done Away With Laws Passed a Century Ago.

Paris, July 5.—The bill for the separation of church and state passed the chamber of deputies by the decisive vote of 341 and 233. The result was greeted by governmental cheering and opposition hisses, and there was intense excitement. When the result was officially given out there was renewed clamor, participated in by those in the crowded galleries and lobbies, as well as by those on the floor of the chamber.

The most important legislation affecting the long-established social and religious customs of France, becomes an accomplished fact so far as the chamber of deputies is concerned. Supporters of the government congratulate themselves on concluding before the long vacation, the heavy task which has occupied almost the entire time of the lower house since March 22. The opponents of the measure utilized every means to prevent the bill becoming a law before the approaching general election, moving no fewer than 250 amendments which were rejected. The discussion of one of these amendments sometimes occupied a whole sitting.

Th system swept away by this bill dates from 1801, when the famous concordat was signed by Pius the Seventh and Napoleon. This gave religious governmental status, the churches being government property with the clergy paid by the state and the entire church administration being under the direction of a member of the president's cabinet. The new system abolishes all laws and regulations under concordat, and terminates the authority of the concordat itself.

MURDERE IS CAPTURED.

Taken Unawares by Detectives While He Is Asleep.

Louisville, Ky., July 5.—Asleep in the undergrowth 5 miles below New Albany, Ind., William Joseph, who acknowledges that he blew off Henry Spear's head in this city June 1, was arrested. He was brought to this city by Detectives Ross and Donahue.

Chief of Police Shutt, of New Albany; Patrolman Sinax, of that city, and Deputy Sheriff Critisen assisted the detectives and a posse in locating the man. By his side was his shotgun which was used by him in ending Spear's life.

At Joseph's suggestion the officers partook of fish caught by him. While the feast was going on Joseph sat with his hands manacled. He did not care to eat, but he smoked, and when he walked into Chief of Detective Sullivan's office here he was still puffing a cigar. Joseph made the following statement:

"I never met Spear until the morning I killed him. We had several drinks on Towhead island ,where he had our boats. Spear said something to my wife which made me mad. Spear drew a knife. A man grabbed him I ran to my boat, 20 feet away, returned with my shotgun and Spear advanced with his knife. I blew off his head and I am glad I did."

Witnesses do not corroborate this. His wife says the murder was cowardly.

Crew of Transport Mutinied.

St. Petersburg, July 5.—The minister of marine has received a telegram from Admiral Kruger as follows:

"The crew of the transport Prout, when leaving Budrovo Bay, mutinied, arresting the captain and other officers. Second Lieutenant Nestortzeff and Boatswain Kopeltine were killed.

"The Prout has arrived at Sebastopol and the crew now is repentant. The officers have been released, the crew begging them to resume their posts. The Prout has been ordered to anchor at Kamerchova bay and an inquiry into the affair has been opened for investigation.

Chinese to Petition President.

Hong Kong, July 5.—The merchants of Canton are preparing a petition to President Roosevelt protesting the harshness of the [illegible] exclusion treaty. Petitions are being circulated through out the province of Canton and [illegible] America [illegible]

CHICAGO IS SCENE OF MANY AGCIDENTS

Fourth of July Fatalities and Casualities Are Large.

ONE MAN DEAD; OTHERS HURT

Cannon Crackers and Pistols Play the Most Prominent Part in the Tragedy—Nevertheless, Independence Day Must Be Celebrated.

Chicago, July 5.—One man dead, a boy probably fatally wounded, two other men shot and a boy hurt by a cannon cracker, were early contributions of victims to the Fourth of July celebration in Chicago.

Charles Strelow, 19 years old, was shot and killed by one of four unidentified men, all of whom escaped. Strelow, who was with several friends, had fired one shot from a revolver, when four men who said that they were detectives, demanded that the party submit to search. Strelow resisted and ran and one of the four shot him dead.

Harry Hind, six years old, probably was fatally hurt by Katie Hugg, 15 years old, who playfully pointed an old revolver at him. The weapon was discharged and the boy fell with a wound in his breast.

Charles Bennett, 20 years old, was struck in the right knee by a bullet fired by Patrolman Lewis, who was trying to disperse a crowd which had objected to the arrest of a boy for placing torpedos on the street car tracks.

After the shooting a crowd of 200 persons attempted to assault the policeman who was forced to return to the station.

William J. O'Brien, 27 years old, was struck in the left foot by a stray bullet.

Bert Butler, 13 years old, was injured severely by a cannon cracker which exploded in his right hand prematurely.

TO TOW BARGE ACROSS OCEAN.

Standard Oil Company Will Make a New Venture.

New York, July 5.—The first attempt to tow an oil barge across the northern Atlantic is being made by the Standard Oil company, which has despatched its big oil liner, Col. Drake, with a 4,000 ton steel barge in tow, on a voyage to London, in command of the Col. Drake is Captain Thomas Fenelon, who has had long experience in barge towing and has a round the Horn record. The Atlas under his command took an oil barge from here to San Francisco, covering the distance of 13,000 miles in 72 days.

Both the Col. Drake and the barge are equipped with wireless telegraph apparatus. This means of communication will be useful in stormy weather and especially in case the six-inch steel hawser connecting the two vessels should part.

Forger Commits Suicide.

Fulton, Mo., July 5.—James R. Penn real estate and insuranc eagent and one of the best known business men in this part of the state, has committed suicide by taking poison. He confessed to his partner and two other citizens that he has for the past 15 years been securing money fraudulently by illegal manipulation of mortgage notes and deeds. He was 43 years old. He leaves a life insurance policy for $22,000 in favor of his widow.

Hail as Large as Hen's Eggs.

Grand Forks, N. D., July 5.—This section of the state was visited by terrific hail storms and great damage has resulted. Hailstones as large as hen's eggs fell for a period of from 10 to 15 minutes. No reprots are obtainable from the country. In this city many thousand dollars' worth of window glass was broken. At a circus tent where a large crowd had gathered there was a scene of wild disorder, but no one was hurt by the hail, which came through the tents in many [illegible] streets were filled

FOUR KILLED BY EXPLOSION.

Seven Others Are Seriously Injured by Bursting Boiler.

Danville, Va., July 5.—Four men were killed outright and seven others so seriously injured that at least a portion on them will die, by the explosion of a threshing machine engine on the plantation of Bush Banes, near Axton, Henry countw Virginia. The dead:

C. L. Bullington, Walter Martin, Luther Hiler and John Stokes.

The names of the injured cannot be ascertained. The accident occurred far in the country, away from telegraphic and telephonic communication. The meager account of the accident which is known here was brought to Axton by one of the men who escaped the explosion, and who was so excited that he was unable to give a connected account of the affair. The news came to Danville by telephone from Axton, the operator leaving immediately for the scene, thus cutting off further communication.

Physicians from this city have hurried to the scene. Nothing further can be learned, as there are no trains from Axton.

BANKER LED GAY LIFE.

His Extravagance Was Caused of a Bank Being Wrecked.

Terre Haute, Ind., July 5.—The wrecking of the Vigo County National Bank which closed after a run of two days following the announcement that Cashier "Gus" Conzman was short, is followed by an exposure of scandal which has been a matter of gossip for a year or more.

It is published today that in addition to Conzman's deals in the bank and his prolonged gambling he was living a dual life. A woman who had a house in a select district was called upon by the cashier so frequently that the neighbors complained to the police. It is said that at times when she had a woman friend with her Conzman and some one of his high-flyer friends called at the house and made so merry that the neighbors were incensed. Another woman, not now in the city, to whom he paid attention, is said to have a note in the Vigo National bank for $1,000. Only recently he visited a resort and gave $5 and $10 to each of the women and promised a piano to one of them.

Tragedy Over Line of Fence.

Coshocton, O., July 5.—In a fight over a line fence near Wills Creek, shot and instantly killed Harvey Pratt. William Lawyer, a young farmer. After the tragedy Lawyer went to his home and barricaded himself. News of the murder spread like wildfire, and soon the sheriff proceeded in an automobile to the scene. He found that a mob of people had surrounded Lawyer's fortress. The sheriff called upon the murderer to surrender, but he refused to do so. He was on the point of breaking in the door when a pistol shot rang out. When the officer entered Lawyer was dead. He had shot himself through the heart. Pratt was the tenant of Lawyer, who owned a big estate near Wills Creek.

Couple Married by Proxy.

Kalamazoo, Mich., July 5.—Adrian Van Bochove, nephew of Richard Van Bochove of this, city, who is now in the Dutch government service in Java, has been married by proxy to a young woman in Rotterdam, Holland, under the provision of the Dutch law. The climate in the East Indies is so unhealthy that the officer preferred to have the bride remain at home until he is given leave to return home. Word of this unusual ceremony reached Kalamazoo relatives today.

Admirals Gain Hero's Pardon.

New York, July 5.—Edward A. Leasure, sentenced in 1901 to 15 years in Sing Sing prison after pleading guilty of manslaughter in second degree, has been pardoned by Governor Higgins. He owes his pardon to the efforts of Rear Admiral Clark and the members of the naval committee of the house of representatives, who were interested in the case by Admiral Clark because of Leasure's splendid record in the navy during the famous [illegible] of the Oregon around Cape Horn.

A NOTED CRIMINAL HIDING IN GOTHAM

Edward Guerin Escapes From French Penal Colony.

HIS CAREER A REMARKABLE ONE

He Was Serving a Life's Sentence for Robbing the American Express Company in Paris—He was a Pal of Tom O'Brien, Murderer.

New York, July 5.—Edward Guerin for whom the police and secret detectives have been searching since May 1, is said by the World to be in New York city. Guerin was serving a life sentence in the French penal colony on Devil's Island. He had been sent from Paris in 1901 for robbing the American Express company there of $6,000. As he had robbed the Bank of Lyons, in France, ten years or $50,000, the French government gave him the minimum penalty, which was life. In prison he met Tom O'Brien, an American murderer, and they planned escape. The chance came to obtain liberty, and he did later with Guerin at his side. In 1901 Guerin became ill and was transferred to the mainland, French Guiana.

On May 1 Guerin was outside the lines and made his way through the swamps, provided with food and arms. The fugitive was captured and robbed by Indians before he got to Dutch Guiana, 300 miles north. The Indians left him for dead on the outskirts of Paramaritso, in Dutch Guiana. He was found by two Americans who fed and clothed him and at Georgetown in British Guiana he was treated by a physician until he was able to sail on the James Hasrison for New York.

Seven weeks ago, Guerin, reduced to a skeleton, arrived in New York. At the same time the state department was apprised of Guerin's escape, an agent was sent to New York to find him. The agent failed to locate him.

Rockefeller Must Pay Taxes.

Morgantown, W. Va., July 5.—At a special term of the circuit court of Monongahela county, Judge John W. Mason handed down an opinion in the equity cause of the South Pensylvania Oil company versus C. W. Dillon, state tax commissioner, and the assessors and Sheriff of Monongahela county. The effect of the opinion is to dissolve the injunction heretofore awarded the plaintiff by which the assessors were restrained from assessing, and the sheriff from collecting, taxes on oil and gas leases held by the plaintiff in this county. At the same time he made perpetual that feature of the injunction which restrains the assessment and collection of taxes on these leaseholds for five years back.

Tragedy Occurs at Picnic.

Tifton, Ga., July 5.—John King was shot and instantly killed by John Roberts at a picnic in Worth county, near Huggins. Roberts is a justice of the peace court bailiff, and served an execution on Benjamin Hall, as a result of which a fight ensued in which Roberts was getting the better when King, a friend of Hall's, ran up and stabbed Roberts. Roberts drew his pistol and fired five shots into King, one of them going through the heart, producing instant death. Roberts' wound is very painful, but he will recover. Both were well to do farmers. King leaves a wife and six children, and was about 35 years of age. Roberts is a young man with a small family.

Sentenced to Kiss His Wife.

New York, July 5.—George [illegible] say, of 125 Dresdent street, Brooklyn, was before Magistrate Higginbotham charged by his wife with having abandoned her and their baby. "I sentence you to spend one day a week with your wife and baby either in Prospect Park or at Coney Island." Magistrate Higginbotham said. "And Lindsay, you are further sentenced to kiss your wife once each day," continued the magistrate. "You might also take her a bunch of flowers once [illegible]

NEWS OF CITY AND COUNTY CONDENSED

Z. M. Saunders and F. L. Johnson of Hawthorn were in the city yesterday. Mr. Saunders renewed his subscription to The Sun, as he declared he wanted to keep posted on the happenings of the day in Gainesville and Alachua county.

Remember the Gainesville & Gulf has round trip rates to White Springs on Sundays at only $1. Train leaves Gainesville at 6:30 a. m., returning at 9:30 p. m., and affording a whole day at this favorite resort. Cheaper than hiring a buggy, and passengers are enabled to spend a day on the banks of the famous old Suwanee river. tf.

The East Side and West Side baseball teams participated in a game of baseball at the park on the afternoon of the Fourth, which resulted in a score of 7 to 4 in favor of the East Side boys. Only five innings were played, however, as the weather was unfavorable, and the chances are that the boys from the West Side might have shown the opponents a thing or two in the game.

There was a big barbecue and picnic at the home of George Taylor, Kanapaha, Tuesday, which was highly enjoyed by those who attended. There were several hundred present, and all who attended reported Mr. and Mrs. Taylor as being the finest hosts they had met in several years. Following dinner, which comprised everything good to eat, there was dancing and athletic games, and altogether the day was spent in a most enjoyable manner. Friends of Mr. and Mrs. Taylor are under obligations.

Six couples of this city, members of the Epworth League, went Tuesday to Worthington, where they spent the Glorious Fourth in a most enjoyable manner. The party was chaperoned by Mrs. M. E. Tinsley. Carriages were used in transit, and the trip proved a pleasant one, the party leaving in the early morning and returning in the late afternoon and early evening. Those who attended state that about 1,000 people from various sections assembled at Worthington on the Fourth, and that the crowd was orderly and good-natured, and everybody had a good time.

George W. Hyde has returned from an extended trip through the West, where he has been on business. Mr. Hyde has been in Los Angeles and San Francisco, Cal., and principal cities in Nevada, New Mexico, Arizona and Mexico. While he was very much impressed with some sections, he says Florida is all right, and he will be content to reside here. He brought back a sample of Nevada gold rock that will assay $3 a pound, but says that gold and silver mining is about the only industry of that country. The farms are few and far between, owing to the great scarcity of irrigation, and altogether the farmer of Florida should feel thankful that he is living here. Mr. Hyde noted a quantity of fine fruit in California, but the flavor was decidedly lacking, notwithstanding that the fruit excelled the Florida production in appearance. While he enjoyed the trip, he is nevertheless glad to get back to his Florida home. In Yuma, N. M., he experienced a heat of 117 degrees, while the snow-capped mountains were in sight.

HAD HAPPY DAY ON GLORIOUS FOURTH

Did the People of North Gainesville and Their Friends.

DISPLAY FIREWORKS AT NIGHT

The North Gainesville Sunday School Celebrates the Day With Fine Program—Rain Interferes—Proceeds Go to the Building Fund.

The people of North Gainesville were out in large numbers on Tuesday, to join in the celebration of the Fourth, and the exercises and picnic at Campbell's Grove was a very enjoyable occasion.

The program consisted of songs, recitations, etc., and there was not a patriotic song in the whole category that was omitted. The Sunday school children and teachers marched from the hall to the picnic grounds at about 11 a. m., where the exercises were opened with a song, followed by prayer by Rev. Mr. Hart. Nine young ladies then gave a dialogue, which was followed by singing "The Star Spangled Banner." A recitation, "Old Glory," by Miss Grace Wolf, was very nicely rendered. Jimmy Campbell also did well. There were many other fine selections on the program and the main address of Mr. Albert Turner was a very clever and pleasing talk. The speaker said he would not detain them long, but every word was full of good, wholesome advice to the young. He proved by his brief allusions to the topics of the present day that he is well up in current events, as well as the history of our country. He was warmly applauded at the close.

After a song the exercises were closed and most of those present indulged in a picnic dinner. Baskets well filled were brought forth and the crowd was preparing for a good social time, when the rain came down at a lively rate and many sought safety from the downpour in the hall and other places.

It rained at intervals during the afternoon, putting a stop to the baseball game, but many remained at the grounds and enjoyed the swings and other amusements. The use of the grounds were tendered by the owner, Mr. Campbell, and the crowd was very orderly and appreciated his kindness.

At 8 o'clock at night the people again began to assemble to witness the display of fireworks. Mr. Albert Weber, Henry Ramsey, Col. I. E. Webster and others had purchased quite a large quantity, and they were set off in good style without a mishap during the whole time. Some of the pieces were very fine.

Mr. Weber invited a number of his friends to partake of refreshments at his home, after the exercises were over, and many availed themselves of his generous hospitality, lemon punch being served to all.

The sale of ice cream and lemonade netted the Sunday school a very neat sum to be used in repairing their place of meeting.

The day was enjoyed by a large number, in spite of the rain and our North Gainesville friends scored another victory as entertainers.

BIG TIME AT TRENTON.

Several Hundred People Gathered to Celebrate the Glorious Fourth.

The good people of Trenton and vicinity assembled at that place on the glorious Fourth to show their patriotism, and participated in a big picnic. There were several hundred present, and the day was passed in a manner appropriate to the occasion.

While there were several addresses, all of which were good, Christopher Matheson of this city was the orator of the day, and it is said by those present that he did himself proud upon this occasion.

There was a big dinner, spread under the shades of the magnificent Trenton oaks, and altogether the day was spent in a most enjoyable manner.

Col. Matheson and others from Gainesville who attended the picnic returned to the city Wednesday.

Deputy Sheriff Granger arrested Sol. Hamilton and Dan Williams, colored, on a charge of selling liquor, near Newberry, Saturday.

The prisoners were arraigned before Judge Mason and required to give a bond of $500 each for their appearance at the next term of the criminal court, or go to jail. The bonds were furnished and the defendants were released.

GANEY WAS CHASED.

Four Shots Were Exchanged, But Escaped Convict Again Got Away.

Deputy Sheriff J. H. Granger has returned from Columbia county, where he has been for the past few days on official business.

Officer Granger states that, in company with Deputy Sheriff Terry of Columbia county and a colored man by the name of Kerry Sullivan, he came in contact with Tom Ganey, the escaped convict from Baker's camp at Campville, Saturday afternoon near Columbia City, and that four shots were exchanged between Sullivan and Ganey without effect. The dogs refused to make the chase, with the result that Ganey succeeded in again making his escape into the swamp.

It will be remembered that Ganey was sent up from the circuit court of this county about a year ago for murder, and was sentenced to a life term in prison. He made his successful escape about three months ago.

A Pleasant Party.

A pleasant party of North Gainesville folks, bent on a day's outing, picnicked at Haile's Sink on the Fourth. There was plenty of good things to eat and drink, with the result that the day was spent in a most delightful manner. The party returned to their respective homes in the early evening.

SEGRETARY HAY'S BODY LIES IN STATE

Remains Repose In Cleveland Chamber of Commerce.

CASKET COVERED WITH FLOWERS

The Funeral Will Occur at the Lake View Cemetery—Few People Were at Depot When Train Bearing the Corpse Reached the City.

Cleveland, O., July 4.—Covered with palms and wreaths of roses and blossoms of sweet peas, the casket containing the body of John Hay was at 11 o'clock this morning placed in the auditorium of the chamber of commerce where it will remain under military guard until tomorrow morning, when it will be taken to Wade Chapel in Lake View cemetery for the last service.

The train which brought the body of Mr. Hay to Cleveland was the Lake Shore limited, due in this city at 6:55 o'clock. At the litetle suburb of Glenville, 5 miles from this city, where Samuel Mather, a brother-in-law of Mrs. Hay resides, a short stop was made, and the funeral car, together with the car in which the members of the Hay family traveled were detached from the train and placed upon a siding. There was nobody at the station when the train arrived, save two or three railway employes and a few newspaper men. Two automobiles were awaiting the arrival of the party and no time was lost in departing for the residence of Mr. Mather.

The car remained at Glenvill until 10 o'clock, when, in charge of officials of the Lake Shore road and unaccompanied by any members of the Hay family, it was run down to the union depot in this city.

Awaiting the arrival of the funeral train in the depot were the members of the committee appointed at last night's meeting in the chamber of commerce anddrawn up outside the depot was a restless line of cavalry, Cleveland's famous troop A, under the command of Captain Schofield, who will act as military escort throughout the funeral ceremonies.

Four regiments of the troop, together with Corporals Purdue and Reidler and Lieutenant Miller, of troop A, carried the casket out to the street, where the remander of the troop was standing at "present, arms."

The non-commissioned officers quickly bore the casket and placed it in the funeral car. The cavalry at once wheeled into column in advance of the hearse and as soon as the members of the committee had taken their places in the carriages, the line of march was taken up for the chamber of commerce.

BAD NEGRO KILLS THREE.

Four Others Are Wounded—Jealousy Is the Supposed Cause.

Americus, Ga., July 4.—A wholesale shooting affray occurred near Americus resulting in the killing of three negro women and the shooting of four others. A negro named Hicks did all the shooting, killing his wife, his mother-in-law and another woman ere his thirst for blood was quenched.

Hicks and his wife had been separated some time. Early this morning he went armed to the house of her parents, expecting to find her there, but learned upon arrival that she was 8 miles away on another plantation. Without ceremony or explanation Hicks raised his shotgun and killed his mother in law in her tracks. Hicks then compelled the dead womna's husband, at the point of the gun, to secure a team and carry him to where his wife was staying. Upon arrival there an hour later, Hicks shot his wife dead and then shot the old man, her father, wounding him mortally.

Hicks then shot promiscuously until four other negroes had fallen, making a total of seven victims. Coffins for three were sent from Americus and little hope is entertained for the recovery of the remaining four victims.

Sheriff Bell and Deputy Sheriff Gatewood have been at the scene all day trying to capture Hicks, who fled and at this hour the officers have not returned.

The wholesale killing occurred near Leslie, 1 miles east of Americus, and caused great excitement there.

It improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. Sold by W. M. Johnson.

COTTON ADVANCES OVER $5.00 A BALE

Government Report Sends The Fleecy Staple Upwards.

JUMPS UP ONE HUNDRED POINTS

Excitement on Floor of New Orleans and New York Exchanges Was Intense—Bulls Completely Control the Situation.

Washington, July 4.—The monthly report of the chief of the bureau of statistics of the department of agriculture will show the average condition of cotton on June 25, to have been 77, as compared with 77.2 on May 25, 1905; 88 on June 25, 1904; 77.1 at the corresponding date in 1903, and a ten-year average of 84.6.

New Orleans Market.

New Orleans, July 4.—Cotton here today took another bound upward on the reading of the government report. A dense crowd packed the ring in anticipation of the report and there was a throng in the galleries. The report showing conditions to be 77.2 less than for June was extraordinarily bullish and cotton in the active positions almost instantly rose 100 points or a cent a pound. Subsequently there was some reaction of profit taking.

The expectations here was that the report would be bullish and when the expectations realized the bulls drove the market upward with all their might. There has been one July report lower than tris in 1900, when 10,383,422 bales off of an average of 25,421,000 were raised and the knowledge of this fact gave strength to the bull campaign. The market opened with light trading and there was a tendency downward. When the report was read October stood at 9.54 The first purchases thereafter were at 10:15 and a minute later October was bought readily at 10:50. The range on October during 30 minutes after 11 o'clock was 104 points or $5.20 a bale. Profit-taking followed and October went down to 10.12, but subsequently bounded back to 10:33. Just before noon October was at 10.25; December 10.29 and January at 10.33.

New York Market.

New York, July 4.—Following the publication of the government crop report there was an excited advance in the New York cotton market, the October option rising from 9.48 to 10.50 or more than a cent a pound.

ORDERED TO SURRENDER.

Mutineers Must Leave Boat or Battleships Will Use Force.

Bucharest, July 4.—The port authorities at Kuentenji, Roumania, have been instructed to call up the 750 mutineers who are on board the Kniaz Potemkine to land from that vessel without arms, informing them that they would be treated as foreign deserters while in Roumania.

In the event of the refusal of the mutineers to submit to these conditions, Roumanian warships were ordered to use force.

There is much excitement on board the Russian battleship Kniaz Potemkine, where differences of opinion between the leaders, some of whom advocate landing in Roumania, while others are proposing to return to Russia and joining the other mutinous ships. The prefect of Kustenjipo permitted a delegation of the mutineers to enter the town and purchase provisions. The sailors report that the Black Sea fleet not only did not try to capture the Kniaz Potemkine but that the crews openly rejoiced when the rebel battleship left Odessa.

The crew of the Russian gunboat Pascouape now at Kustenji met some of the crew of the Kniaz Potemkine ashore and fraternized with them, the sailors embracing one another. The Kniaz Potemkine is accompanied a Russian torpedo boat.

"NATIONAL DEGENERACY."

The Universal Greed for Gold Is Undermining Our Nation.

New York, July 4.—Rev. Dr. G. Wylie, preached last night on "National Degeneracy," in the Scotch Presbyterian church, and said:

"Greed for gold is almost universal in America. To use an offensive term, 'graft' seems everywhere. This craze for wealth leads to cheating, stealing, lying and many immoral features in business life. Here in New York men have tarnished their names by the manner in which they have dealt with the trust funds of a great institution. Men well known, respected, high in commercial and social station, have taken fire into their hands and it has burned them to the quick. We have had an exhibition of 'high finance' pushed to the limit. We need to imitate the municipal authorities of Glasgow in the bank scandal where directors of high standing were sent behind prison bars. The trial and conviction of guilty men who have not scrupled to restore confidence in the majesty of law; for law ought to deal in the same manner with the rich and poor.

"Even at the risk of being called 'sensational' I affirm from this Christian pulpit that the president of the United States in his dealings with grasping corporations, and ex-President of the United States in his dealings with grasping corporations, and ex-President Cleveland, Paul Morton, state superintendent of insurance, Mr. Hendricks, Attorney General Meyer and District Attorney Jerome have the opportunity of their lives to serve hundreds of thousands of their fellow citizens by righting a great wrong.

Indigestion,

With its companions, heartburn, flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, sallow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. The Herbine treatment will cure all these troubles. 50c bottle. Sold by W. M. Johnson.

CHOLERA INFANTUM.

Child Not Expected to Live from One Hour to Another, But Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Dewey of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

WILL SAIL ACROSS FRANCE.

Airship To Be Given a Thorough Test by the Government.

New York, July 5.—The airship constructed by the Mm. Lebaudy, has begun its voyage from Paris to the eastern frontier of France, according to a Paris cable to the Herald.

The stages of the journey has been arranged by M. Berteaux, the minister of war, and the airship is placed under command of Colonel E. Bouttieaux, director of the military aerostatic bureau at Chalais.

After making the ascent Colonel Bouttieaux from the airship reconnoitered the environs of Meaux and indicated a place for a descent on the race course, where two wagons with the tubes of hydrogen, ordered from a factory at Meaux, were in waiting.

At a quarter to 4 o'clock in the morning the departure was made from Moisson and after an excellent voyage in the air the descent was made at 20 minutes past 6 o'clock, the 90 kilometers being covered in two hours and forty-five minutes.

The [illegible] was the announcement awaiting instructions from Colonel Bouttieaux.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars' outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by all druggists.

Fight Made on Union Buttons.

Chicago, July 5.—In support of their contention against their drivers wearing union buttons the employes' association today issued a table showing the percentage of teams of the large cities of the country who do not wear buttons or other insignia of their organization. The statistics revealed the fact, the Pittsburg, Cincinnati, Cleveland, Des Moines, and New York are the only cities where the button is known. In these places the highest percentage of buttons worn is 10 per cent. In all other cities no other emblem is permitted. The threatened strike to the parcel wagon drivers was delayed until tomorrow when Judge Fennell finished hearing the argument in the case of the injunction against the six local express companies.

The Diamond Cure.

The latest news from Paris is that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee of Vanleer, Tenn. "I had a cough, for fourteen years. Nothing helped me, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief, and effected a permanent cure." Unequalled quick cure for [illegible]

DAZED BY HER BEAUTY.

Merchant Gives a Girl Good Money in Exchange for a Counterfeit.

Memphis, Tenn., July 5.—High-heel slippers did not retard the running powers of a beautiful fgird who easily outstripped W. S. Aycock, a local banker, after she had passed an old confederate $10 note on him. The young woman entered Aycock's store, went straight for the proprietor, and asked him to change for her a bill. It was of the issue of the confederacy.

The proprietor was accommodating, but the young lady had hardly reached the front door when he noticed that the bill was worthless. The chase that followed led through several of the prominent streets and amazed onlookers who took part, but the girl disappeared and escaped by gathering up her skirts and burdling a fence.

Good for Stomach Trouble and Constipation.

"Chamberlain's Stomach and Liver Tablets have done me a great deal of good," says C. Towns of Rat Portage, Ontario, Canada. "Being a mild physic the after effects are not unpleasant, and I can recommend them to all who suffer from stomach disorder." For sale by all druggists.

The jury commended the defendant to the mercy of the court. After a trial of exactly two weeks' duration, the case of United States Senator Mitchell was submitted to the jury at 3:03 p. m. * Trains 3 and 4 do not run between Gainesville and Fairfield on Sunday.

L. E. BARKER, General Superintendent.

J. F. HILL, Agent. J. D. WATKINS, General Agent.

To the Pacific Coast—to California, Oregon, Washington—round-trip, long transit and return limits, liberal stop-over privileges.

The rate is practically on the basis of one fare for the round trip. Of course, if you wish to visit *both* California and *Oregon* or Washington, the cost is slightly more.

These reduced rates are in effect on certain dates in months of May to October, inclusive. They apply from all Eastern points via Chicago, St. Louis or Memphis gateways. The Rock Island System will take you up in either Chicago or St. Louis, or at hundreds of other Middle West points and carry you to the Coast in through Standard or Tourist Sleepers with unexcelled Dining Car service. The Rock Island also affords a choice of routes: on the "Scenic" route you can stop off in Colorado—see Salt Lake City—visit Yellowstone National Park; on the "Southern" route you can go via El Paso, thru New Mexico, then "up coast" to San Francisco and on to Portland or Seattle if desired.

In short, these Pacific Coast excursions offer an unusually good chance to see our western country in a comprehensive manner.

If you desire to go only as far as Colorado, there are excursion rates in effect to that section and return, all summer long, specially reduced June 30 to July 4, August 12 and 13, and August 30 to September 4. Extension trips to Ogden or Salt Lake and return at low cost also.

From September 15 to October 31, 1905, one-way tourist or "colonist" tickets will be on sale to California and the Pacific Northwest—about half regular fare.

If interested, send name and address on this coupon, designating which ticket wanted and to what point you plan to go. Name probable date of start also, so we can advise definitely with respect to rates, etc.

Send Colorado booklet and rates.

SWEDEN PREPARING TO FIGHT NORWAY

King Oscar Will Not Agree To A Peaceful Separation.

NORWEGIAN ARMY IS MOBILIZING

Invasion of Norway by Swedish Troops Will Be Resisted—Different Norwegian Ports Have Been Ordered Closed—Battle Looked For.

Stockholm, Sweden, July 5.—Sweden is preparing for war with Norway. The first hostile move was made when the government issued a proclamation, to become effective immediately, declaring Stockholm, Karlskrona, Gothenberg and Farosend to be war ports and excluding all foreign warships from entering their harbors. It is reported here that the Norwegian army is already being mobilized on the frontier and that a clash may occur at any time. The movement of the Norwegian army began on Friday, but at that time Norway denied that any warlike purpose was in view.

The explanation given out for this extraordinary movement of troops was that the annual reviews were in progress and that nothing more was intended. Following close upon this, however, came the anouncement that the Swedish government had introduced in both houses of the national legislature a bill placing $25,000,000 at the immediate command of the government to enable it to take such measures as it might deem necessary in the crisis with Norway.

It is now reported that orders for the mobilization of the Swedish army have already been given and that the troops are beginning to assemble at their respective meeting places.

The military establishments of both countries are on an excellent footing and are splendidly equipped and officered. The first clash, if it comes, is likely to take place in the mountain passes near the frontier, which have already been fortified and which are capable of a strong defense. Sweden, of course, will be compelled to force her way across the mountains if she hopes to conquer her neighbor.

Excitement in Christiana.

Christiana, July 5.—It is reported that a Swedish squadron is on its way here. There is intense excitement. Two armies of Norway and Sweden now confront each other along the frontier. An overt act may precipitate fighting at any moment.

OPPOSED TO HANGINGS.

Indiana's Governor is Against Capital Punishment Law.

Michigan City, Ind., July 5.—Berkeley Smith was hanged in the yard of the state penitentiary here, thereby expiating the murder of his wife in Indianapolis.

Governor Hanley, although admittedly opposed to capital punishment, had refused to interfere. Referring in Indianapolis to the pardon power conferred to him by the constitution, he said that he greatly desired to save Smith's life, but must execute the law. He added:

"I have a profound conviction that the state has no moral right to take the life of a citizen except in self-defense, as in the enforcemnt of the law, maintenance of peace and order, or, as in case of riot, insurrection or rebellion.

"Human life is too sacred to be otherwise taken, even by the state itself. Were the state to adopt that policy it would do more to inculcate respect for human life than it can do by any number of executions. I shall appeal to the people and ask that the provision be stricken from the law by the next general assembly."

Women Killed in Their Room.

Scranton, Pa., July 5.—Mrs. May J. and Mary Woodling, white women, were murdered in their room at their home in the Center street [illegible]

DIVORCED CHURCH AND STATE.

France Has Done Away With Laws Passed a Century Ago.

Paris, July 5.—The bill for the separation of church and state passed the chamber of deputies by the decisive vote of 341 and 233. The result was greeted by governmental cheering and opposition hisses, and there was intense excitement. When the result was officially given out there was renewed clamor, participated in by those in the crowded galleries and lobbies, as well as by those on the floor of the chamber.

The most important legislation affecting the long-established social and religious customs of France, becomes an accomplished fact so far as the chamber of deputies is concerned. Supporters of the government congratulate themselves on concluding before the long vacation, the heavy task which has occupied almost the entire time of the lower house since March 22. The opponents of the measure utilized every means to prevent the bill becoming a law before the approaching general election, moving no fewer than 250 amendments which were rejected. The discussion of one of these amendments sometimes occupied a whole sitting.

Th system swept away by this bill dates from 1801, when the famous concordat was signed by Pius the Seventh and Napoleon. This gave religious governmental status, the churches being government property with the clergy paid by the state and the entire church administration being under the direction of a member of the president's cabinet. The new system abolishes all laws and regulations under concordat, and terminates the authority of the concordat itself.

MURDERE IS CAPTURED.

Taken Unawares by Detectives While He is Asleep.

Louisville, Ky., July 5.—Asleep in the undergrowth 5 miles below New Albany, Ind., William Joseph, who acknowledges that he blew off Henry Spear's head in this city June 1, was arrested. He was brought to this city by Detectives Ross and Donahue.

Chief of Police Shutt, of New Albany; Patrolman Sinax, of that city, and Deputy Sheriff Critisen assisted the detectives and a posse in locating the man. By his side was his shotgun which was used by him in ending Spear's life.

At Joseph's suggestion the officers partook of fish caught by him. While the feast was going on Joseph sat with his hands manacled. He did not care to eat, but he smoked, and when he walked into Chief of Detective Sullivan's office here he was still puffing a cigar. Joseph made the following statement:

"I never met Spear until the morning I killed him. We had several drinks on Towhead island ,where he had our boats. Spear said something to my wife which made me mad. Spear drew a knife. A man grabbed him. I ran to my boat, 20 feet away, returned with my shotgun and Spear advanced with his knife. I blew off his head, and I am glad I did."

Witnesses do not corroborate this. His wife says the murder was cowardly.

Crew of Transport Mutinied.

St. Petersburg, July 5.—The minister of marine has received a telegram from Admiral Kruger as follows:

"The crew of the transport Prout, when leaving Budrovo Bay, mutinied, arresting the captain and other officers. Second Lieutenant Nestortzeff and Boatswain Kozelitine were killed.

"The Prout has arrived at Sebastopol and the crew now is repentant. The officers have been released, the crew begging them to resume their posts. The Prout has been ordered to anchor at Kamesheva bay and an inquiry into the affair has been opened for investigation."

Chinese to Petition President.

Hong Kong, July 5.—The merchants of Canton are preparing a petition to President Roosevelt, representing the hardships of the Chinese exclusion treaty. Placards are posted throughout the city urging a boycott of the American goods. Native Christians in [illegible] are being intimidated by the

CHICAGO IS SCENE OF MANY AGCIDENTS

Fourth of July Fatalities and Casualities Are Large.

ONE MAN DEAD; OTHERS HURT

Cannon Crackers and Pistols Play the Most Prominent Part in the Tragedy—Nevertheless, Independence Day Must Be Celebrated.

Chicago, July 5.—One man dead, a boy probably fatally wounded, two other men shot and a boy hurt by a cannon cracker, were early contributions of victims to the Fourth of July celebration in Chicago.

Charles Strelow, 19 years old, was shot and killed by one of four unidentified men, all of whom escaped. Strelow, who was with several friends, had fired one shot from a revolver, when four men who said that they were detectives, demanded that the party submit to search. Strelow resisted and ran and one of the four shot him dead.

Harry Hind, six years old, probably was fatally hurt by Katie Hugg, 15 years old, who playfully pointed an old revolver at him. The weapon was discharged and the boy fell with a wound in his breast.

Charles Bennett, 20 years old, was struck in the right knee by a bullet fired by Patrolman Lewis, who was trying to disperse a crowd which had objected to the arrest of a boy for placing torpedos on the street car tracks.

After the shooting a crowd of 200 persons attempted to assault the policeman who was forced to return to the station.

William J. O'Brien, 27 years old, was struck in the left foot by a stray bullet.

Bert Butler, 13 years old, was injured severely by a cannon cracker which exploded in his right hand prematurely.

TO TOW BARGE ACROSS OCEAN.

Standard Oil Company Will Make a New Venture.

New York, July 5.—The first attempt to tow an oil barge across the northern Atlantic is being made by the Standard Oil company, which has despatched its big oil liner, Col. Drake, with a 4,000 ton steel barge in tow, on a voyage to London, in command of the Col. Drake is Captain Thomas Fenelon, who has had long experience in barge towing and has a round the Horn record. The Atlas under his command took an oil barge from here to San Francisco, covering the distance of 13,000 miles in 72 days.

Both the Col. Drake and the barge are equipped with wireless telegraph apparatus. This means of communication will be useful in stormy weather and especially in case the six-inch steel hawser connecting the two vessels should part.

Forger Commits Suicide.

Fulton, Mo., July 5.—James R. Penn, real estate and insurance agent and one of the best known business men in this part of the state, has committed suicide by taking poison. He confessed to his partner and two other citizens that he has for the past 15 years been securing money fraudulently by illegal manipulation of mortgage notes and deeds. He was 42 years old. He leaves a life insurance policy for $22,000 in favor of his widow.

Hail as Large as Hen's Eggs.

Grand Forks, N. D., July 5.—This section of the state was visited by terrific hail storms and great damage has resulted. Hailstones as large as hen's eggs fell for a period of from 10 to 15 minutes. No reprots are obtainable from the country. In this city many thousand dollars' worth of window glass was broken. At a circus tent where a large crowd had gathered, there was a scene of wild disorder, but no one was hurt by the hail, which cut through the tents in many places. The streets were filled from curb to curb with ice [illegible] or more of hail.

FOUR KILLED BY EXPLOSION.

Seven Others Are Seriously Injured by Bursting Boiler.

Danville, Va., July 5.—Four men were killed outright and seven others so seriously injured that at least a portion on them will die, by the explosion of a threshing machine engine on the plantation of Bush Banes, near Axton, Henry countw Virginia. The dead:

C. L. Bullington, Walter Martin, Luther Hiler and John Stokes.

The names of the injured cannot be ascertained. The accident occurred far in the country, away from telegraphic and telephonic communication. The meager account of the accident which is known here was brought to Axton by one of the men who escaped the explosion, and who was so excited that he was unable to give a connected account of the affair. The news came to Danville by telephone from Axton, the operator leaving immediately for the scene, thus cutting off further communication.

Physicians from this city have hurried to the scene. Nothing further can be learned, as there are no trains from Axton.

BANKER LED GAY LIFE.

His Extravagance Was Caused of a Bank Being Wrecked.

Terre Haute, Ind., July 5.—The wrecking of the Vigo County National Bank which closed after a run of two days following the announcement that Cashier "Gus" Conzman was short, is followed by an exposure of scandal which has been a matter of gossip for a year or more.

It is published today that in addition to Conzman's deals in the bank and his prolonged gambling he was living a dual life. A woman who had a house in a select district was called upon by the cashier so frequently that the neighbors complained to the police. It is said that at times when she had a woman friend with her Conzman and some one of his high-flyer friends called at the house and made so merry that the neighbors were incensed. Another woman, not now in the city, to whom he paid attention, is said to have a note in the Vigo National bank for $1,000. Only recently he visited a resort and gave $5 and $10 to each of the women and promised a piano to one of them.

Tragedy Over Line of Fence.

Coshocton, O., July 5.—In a fight over a line fence near Wills Creek, shot and instantly killed Harvey Pratt. William Lawyer, a young farmer. After the tragedy Lawyer went to his home and barricaded himself. News of the murder spread like wildfire, and soon the sheriff proceeded in an automobile to the scene. He found that a mob of people had surrounded Lawyer's fortress. The sheriff called upon the murderer to surrender, but he refused to do so. He was on the point of breaking in the door when a pistol shot rang out. When the officer entered Lawyer was dead. He had shot himself through the heart. Pratt was the tenant of Lawyer, who owned a big estate near Wills Creek.

Couple Married by Proxy.

Kalamazoo, Mich., July 5.—Adrian Van Bochove, nephew of Richard Van Bochove of this city, who is now in the Dutch government service in Java, has been married by proxy to a young woman in Rotterdam, Holland, under the provision of the Dutch law. The climate in the East Indies is so unhealthy that the officer preferred to have the bride remain at home until he is given leave to return home. Word of this unusual ceremony reached Kalamazoo relatives today.

Admirals Gain Hero's Pardon.

New York, July 5.—Edward A. Leasure, sentenced in 1901 to 15 years in Sing Sing prison after pleading guilty of manslaughter in second degree, has been pardoned by Governor Higgins. He owes his pardon to the efforts of Rear Admiral Clark and the members of the naval committee of the house of representatives, who were interested in the case by Admiral Clark because of Leasure's splendid record in the navy during the famous trip of the Oregon around the Horn, when Admiral Clark commanded her, and off Santiago in the blockade and [illegible]

A NOTED CRIMINAL HIDING IN GOTHAM

Edward Guerin Escapes From French Penal Colony.

HIS CAREER A REMARKABLE ONE

He Was Serving a Life's Sentence for Robbing the American Express Company in Paris—He was a Pal of Tom O'Brien, Murderer.

New York, July 5.—Edward Guerin, for whom the police and secret detectives have been searching since May 1, is said by the World to be in New York city. Guerin was serving a life sentence in the French penal colony on Devil's Island. He had been sent from Paris in 1901 for robbing the American Express company there of $6,000. As he had robbed the Bank of Lyons, in France, ten years or $50,000, the French government gave him the minimum penalty, which was life. In prison he met Tom O'Brien, an American murderer, and they planned escape. The chance came to obtain liberty, and he left later with Guerin at his side. [illegible] Guerin became ill and was transferred to the mainland, French Guiana.

On May 1 Guerin was outside the lines and made his way through the swamps, provided with food and arms. The fugitive was captured and robbed by Indians before he got to Dutch Guiana, 300 miles north. The Indians left him for dead on the outskirts of Paramaritso, in Dutch Guiana. He was found by two Americans who fed and clothed him and at Georgetown in British Guiana he was treated by a physician until he was able to sail on the James Hasrison for New York.

Seven weeks ago, Guerin, reduced to a skeleton, arrived in New York. At the same time the state department was apprised of Guerin's escape an agent was sent to New York to find him. The agent failed to locate him.

Rockefeller Must Pay Taxes.

Morgantown, W. Va., July 5.—At a special term of the circuit court of Monongahela county, Judge John W. Mason handed down an opinion in the equity cause of the South Pennsylvania Oil company versus C. W. Dillon state tax commissioner, and the assessors and Sheriff of Monongahela county. The effect of the opinion is to dissolve the injunction heretofore awarded the plaintiff by which the assessors were restrained from assessing, and the sheriff from collecting, taxes on oil and gas leases held by the plaintiff in this county. At the same time he made perpetual that feature of the injunction which restrains the assessment and collection of taxes on these leaseholds for five years back.

Tragedy Occurs at Picnic.

Tifton, Ga., July 5.—John King was shot and instantly killed by John Roberts at a picnic in Worth county, near Huggins. Roberts is a justice of the peace court bailiff, and served an execution on Benjamin Hall, as a result of which a fight ensued in which Roberts was getting the better, when King, a friend of Hall's, ran up and stabbed Roberts. Roberts drew his pistol and fired five shots into King, one of them going through the heart, producing instant death. Roberts' wound is very painful, but he will recover. Both were well to do farmers. King leaves a wife and six children, and was about 35 years of age. Roberts is a young man with a small family.

Sentenced to Kiss His Wife.

New York, July 5.—George Lindsay, of 125 Dresdent street, Brooklyn, was before Magistrate Higginbotham charged by his wife with having abandoned her and their baby. "I sentence you to spend one day a week with your wife and baby either in Prospect Park or at Coney Island," Magistrate Higginbotham said. "And Lindsay, you are further sentenced to kiss your wife once each day," continued the magistrate. "You must also take her a bunch of flowers once a week. You are also to pay her $5 a week."

FATAL TRAGEDY NEAR NEWBERRY

Ludlow Shot and Fatally Wounded Man Near Place.

WAS ALL ABOUT A WOMAN

Ludlow is Alleged to Have Been Too Intimate With the Female Friend of Henry Jackson, and the End Resulted Fatally.

A communication from Newberry states that on Saturday night, at the wood camp about three miles from that place, Joe Ludlow and Henry Jackson became involved in a row over Jackson's woman.

Ludlow seems to have gotten the best of his antagonist, since Jackson was shot twice through the left shoulder, and is seriously wounded. He was also shot through the lower abdomen, and it is thought he cannot live.

Ludlow made a safe escape after doing the shooting, and up to the time of the writing of the communication has not been apprehended.

All parties are colored, but are well known in that section, having been employed in the phosphate mines and turpentine camps of the West End for several years.

In Memoriam.

"In the midst of life we are in death." This sad truth was deeply impressed upon the aching hearts of relatives and friends of the late Abraham Crosby, whose sudden death, caused by a railroad accident near Crawford, Ga., on the morning of June 19th, 1905, filled the whole community with solemn awe. The deceased was the son of the late James Crosby and Mrs. Louise Crosby-Dupree, aged thirty-two years. In his death the Brotherhood to which he belonged has sustained a sad loss of a courteous and efficient member, and the community one of its most upright and respected citizens. Cut down in the flower of his early manhood his sudden death closed a career of great promise and cast a gloom over all who knew him, but his pure character, his honesty and integrity in the affairs of life furnish an example that all should emulate, and will ever keep his memory fresh in our hearts. To his relatives and friends we extend the fullest sympathy and respect.

SENATOR DENIES BRIBERY.

Arkansas Legislator Says He Did Not Sell His Vote.

Little Rock, July 3.—No conclusion was reached in the trial of Senator A. W. Covington on a charge of accepting a bribe of $6,000 on the new state capitol bill at the recent session of the legislature. The state closed and presentation of testimony for the defense began. Senator Covington testified in his own behalf. He denied with emphasis that he received a cent from anyone to influence his vote.

"If I did," he declared, "I hope I may never see my wife and babies again, gentlemen."

The state rested this morning after having introduced testimony attempting to show that Senator Covington received $2,500 for which he was to try and obtain a favorabe report from the special architect on the capitol work. The defense tried to show that M. D. L. Cook, who testified that he paid $2,500 to Senator Covington, was threatened with indictment when he was called before the grand jury, but there was no direct testimony on this point.

Members of the state capitol commission testified that the motive in asking for an appropriation of $800,000 for the completion of the new capitol was to have the building ready within two years and that the estimate was based on the special architect's report.

NEW BUG NOT BOLL WEEVIL

Georgia Entomologist Investigates a New Insect Found in that State.

Atlanta, July 3.—State Entomologist R. I. Smith returned from Laurens county, where he has been looking into the matter of the ravages of the newly found cotton beetle, which was thought by many to be the cotton boll weevil, which has done so much damage in Texas and other western cotton states.

Mr. Smith states positively that this beetle is not the Mexican weevil, though it is doing a great deal of damage to the cotton wherever it is found. The bug eats out the squares and blooms until they fall off. In some instances Mr. Smith found as many as 25 of these beetles on one bloom and 50 or more on a single leaf.

Reports of the ravages of this beetle, which, for want of a better common name, have come from Laurens, Dooly, Irwin, Emanuel, Wilcox, Telfair and several other counties. It was reported in Coffee county last year, but has not been found there this year.

Entomologist Smith recommends the dusting of the cotton plant with a mixture of paris green and lime to eradicate the pest, practically the same mixture as is used for the cotton caterpillar.

U. S. LAND OFFICE BUSINESS PROSPERS

Greatest Business of Any Year Since Its Establishment.

PUBLIC LANDS ARE IN DEMAND

They Are Heavily Timbered and Fertile, and Every Year Hundreds of Deserving People Are Homesteading and Becoming Citizens.

The United States land office force has just completed the report for the fiscal year ending June 30, and same has been forwarded to the General Land Office at Washington.

The report shows that the office has enjoyed for the year just closed the most extensive business in its history. A recapitulation of the business transacted in the last quarter for the five succeeding years shows the following result, moneys in payment of lands, fees, etc: 1901, $4,427.28; 1902, $4,018 31; 1903, $7,213.24; 1904, $16,476.24; 1905, $23,084.12. This shows a steady increase, with the exception of one year, which is indeed healthy, the five years' increase amounting to $18,656 84 over the year 1901.

Some of the finest timber and most fertile farming lands in the State have been taken up and homesteaded by parties from every section of the United States, and many of these homesteads today are thrifty farms, yielding an abundance of everything in the agricultural and horticultural line. The homesteading of lands still continues, and persons from the North who are looking for delightful homes among prosperous, genial people, are settling in Florida.

The following is the business transacted for the quarter ending June 30:

232 homestead entries, 27266.76 acres; 92 final homestead entries, 10185 52 acres; 55 commuted homesteads, 7084.05 acres; 73 excess cash entries, 106.07 acres; 30 timber and stone land entries, 4140 39 acres; 15 military bounty land warrants, 2075 99 acres; 1 Rev. bounty land scrip, 80.18 acres; 1 Ft. Jupiter entry, 160 acres; 1 soldiers' D. S., 160 acres.

DEATH OF MR. TEAGUE.

Well Known Floridian Passes Away at Ocala Saturday Night.

Samuel W. Teague, one of the most widely known residents in the State, passed away in Ocala Saturday evening at 8 45 at the residence of his brother, Frank A. Teague.

Though Mr. Teague had been ill for weeks and for the past few days it was known that he could not possibly recover, the announcement that the end had come casts a gloom over the entire community.

Mr. Teague was born in South Carolina about forty-five years ago and had been living in Florida about twenty years. His home was at Lady Lake, where his parents resided, but he spent the greater portion of his time in Ocala. He never married but is survived by his mother, three sisters and one brother, his father having died a couple of months ago.

Besides being a prominent business man Mr. Teague was very active and prominent in political circles. He was a great friend to Ex-Governor Jennings and suggested him as chief executive at the Orlando convention, which eventually led to his nomination.

The funeral services were held Sunday afternoon at 3 o'clock from the residence of Mr. Frank Teague on Ocklawaha avenue. The remains were buried in Greenwood cemetery beside the body of his father.

Lydia E. Pinkham's Vegetable Compound Has an Unequalled Record of Cures—Mrs. Pinkham's Advice Is Confidential, Free, and always Helpful

FIRST.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful menstruation, leucorrhœa, displacements of the uterus, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

SECOND.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, all uterine and ovarian inflammation, weakness and displacements, regulating menstruation perfectly and overcoming its pains. It has also proved itself invaluable in preparing for childbirth and the change of life.

THIRD.—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

FOURTH.—Every ailing woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Surely, any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

PRESENTED A BOUQUET

Ladies of W. C. T. U. Gave Governor a Handsome Floral Combination.

The ladies of the W. C. T. U. of this city appreciate a good man when they meet him, and in this man Governor Broward was an ideal of perfection. Governor Broward is strictly temperate, and in his campaign did not hesitate to say so. He believes in a good, clean government and a good, honest administration, and during his campaign last year declared himself in favor of a temperate people.

At the reception tendered the Board of Control in this city Saturday night the ladies of the W. C. T. U., realizing the Governor's sentiments, presented him with a beautiful and fragrant bouquet of white roses and evergreens. In accepting the bouquet Governor Broward was so impressed that he gave way under the strain, and tears filled his eyes as he expressed his thanks to the Union.

HAD HAPPY DAY ON GLORIOUS FOURTH

Did the People of North Gainesville and Their Friends.

DISPLAY FIREWORKS AT NIGHT

The North Gainesville Sunday School Celebrates the Day With Fine Program—Rain Interferes—Proceeds Go to the Building Fund.

The people of North Gainesville were out in large numbers on Tuesday, to join in the celebration of the Fourth, and the exercises and picnic at Campbell's Grove was a very enjoyable occasion.

The program consisted of songs, recitations, etc., and there was not a patriotic song in the whole category that was omitted. The Sunday school children and teachers marched from the hall to the picnic grounds at about 11 a. m., where the exercises were opened with a song, followed by prayer by Rev. Mr. Hart. Nine young ladies then gave a dialogue, which was followed by singing "The Star Spangled Banner." A recitation, "Old Glory," by Miss Grace Wolf, was very nicely rendered. Jimmy Campbell also did well. There were many other fine selections on the program and the main address of Mr. Albert Turner was a very clever and pleasing talk. The speaker said he would not detain them long, but every word was full of good, wholesome advice to the young. He proved by his brief allusions to the topics of the present day that he is well up in current events, as well as the history of our country. He was warmly applauded at the close.

After a song the exercises were closed and most of those present indulged in a picnic dinner. Baskets well filled were brought forth and the crowd was preparing for a good social time, when the rain came down at a lively rate and many sought safety from the downpour in the hall and other places.

It rained at intervals during the afternoon, putting a stop to the baseball game, but many remained at the grounds and enjoyed the swings and other amusements. The use of the grounds were tendered by the owner, Mr. Campbell, and the crowd was very orderly and appreciated his kindness.

At 8 o'clock at night the people again began to assemble to witness the display of fireworks. Mr. Albert Weber, Henry Ramsey, Col. I. E. Webster and others had purchased quite a large quantity, and they were set off in good style without a mishap during the whole time. Some of the pieces were very fine.

Mr. Weber invited a number of his friends to partake of refreshments at his home, after the exercises were over, and many availed themselves of his generous hospitality, lemon punch being served to all.

The sale of ice cream and lemonade netted the Sunday school a very neat sum to be used in repairing their place of meeting.

The day was enjoyed by a large number, in spite of the rain and our North Gainesville friends scored another victory as entertainers.

THE FUTCH REUNION.

Descendants of Grand Old Man Came Together to Do Him Honor.

On the 23d of June the annual reunion of the family of Mr. Eli Futch occurred at the residence of his son-in-law, Hon. W. M. Blitch of Santa Fe.

This being the eightieth birthday of Mr. Futch, his children, grandchildren and great-grandchildren gathered around him to celebrate the occasion and show their unbounded loyalty and devotion to their venerable ancestor.

Mr. Futch is one of grand old Alachua county's most highly honored and respected citizens, he having come to this State from Liberty county, Ga., when a young man, and settled within two miles of where he now resides, and has lived there ever since. He has always been a foremost citizen, helping in any way possible to advance the interests of his community and his county and his fellow-man, and by so doing won the esteem and regard of all those with whom he came in contact.

Mr. Futch has reared a family of fourteen children, who by their everyday life, are fit monuments to survive him. His sons are numbered among the most successful merchants and business men of the county, and his daughters are the wives of equally successful men. His oldest living son, J. E. Futch, is one of Gainesville's foremost citizens, who with his family, has resided here for six years.

These reunions, held year after year, are a source of much good to the family, bringing them all together, and each branch kept in contact with the others, thereby resulting in the much desired family harmony.

It is an occasion always looked forward to by the junior members of the family with much pleasure, as it affords them a day's outing in the woods.

It is to be hoped that many more of these reunions may be recorded and that Mr. Futch may enjoy the pleasures therefrom for years to come.

MISS GENEVIVE MAY.

CATARRH OF STOMACH CURED BY PE-RU-NA.

Miss Genevive May, 1817 S. Meridian St., Indianapolis, Ind., Member Second High School Alumni Ass'n, writes:

"Peruna is the finest regulator of a disordered stomach I have ever found. It certainly deserves high praise, for it is skillfully prepared.

"I was in a terrible condition from a neglected case of catarrh of the stomach. My food had long ceased to be of any good and only distressed me after eating. I was nauseated, had heartburn and headaches, and felt run down completely. But in two weeks after I took Peruna I was a changed person. A few bottles of the medicine made a great change, and in three months my stomach was cleared of catarrh, and my entire system in a better condition."—Genevive May.

HIGH SPRINGS SOCIETY.

Reception Tendered New Century Club. Notes of Personal Interest.

High Springs, July 5.—The New Century Club was tendered a delightful reception by Mrs. John Quinlan on Thursday afternoon last from 3 to 6 o'clock. Mrs. Quinlan is well known as one of the most delightful entertainers, and this occasion proved quite up to the standard of former occasions. A feature of the occasion was the presentation by the club president, in a few well chosen remarks, of a handsome sterling silver and gold berry spoon to Mrs. George Eugene Gramling, the club's most recent bride. She was taken completely by surprise, though she very gracefully expressed her appreciation to the members. Faultless fruit punch and delicious ice cream and cake were served. Mrs. Gus Moore favored the company with an original club poem, and Mrs. Ware, the beloved president, recited in her own inimitable style, to the great delight of her hearers. Mrs. P. P. Wood and Miss Susie Ellis contributed music, completing a very interesting impromptu program. Mrs. Edith Hunter, a former resident and club member, was the guest of honor.

Berty Hunter of Quitman, Ga., arrived here on Sunday, and will visit friends for a few days.

A. C. Cole and charming daughter, Miss Minnie, came down from Savannah on Sunday to visit Mrs. H. McL. Grady, a daughter of the former.

Mrs. Edith Hunter returned to the home of Mrs. John Quinlan last Wednesday, after a few days delightfully spent in the country with her sister, Mrs. P. B. H. Dudley and family.

SERIOUS FIRE AT MICANOPY TUESDAY

Store and Stock of S. H. Benjamin Was Burned to Ground.

THE LOSS WILL REACH $40,000

Mr. Benjamin Occupied a Fine Brick Store and Carried Possibly the Largest General Stock in Alachua County—Other Stores Were in Danger.

Micanopy, July 4.—S. H. Benjamin's large brick storehouse was burned this morning. About 1 o'clock the fire alarm was given, and in a few minutes most of the citizens of the town were on the ground ready to do anything in their power to save the building and contents. A glance showed how utterly impossible it was to save anything for Mr. Benjamin. The next thing to do was to prevent the fire from spreading. There was no wind, and as the walls were well built the flames went high into the air, thereby saving the adjoining buildings. It looked as if the stores of E. C. Chitty and N. B Mott were doomed at times, but the fire was confined to the Benjamin building. This was a magnificent brick block, the pride of the town. It was built several years ago, and was known all over the State. The stock of goods was one of the best general stores in Florida. The loss will be about $40,000, with about 25 per cent insurance.

The store had evidently been robbed and then fired, as one of the front and one of the back doors were open when the first parties arrived at the fire. The entire town and community sympathize with Mr. Benjamin in his great loss.

Mr. Benjamin will rebuild at once. His large iron safe is lying doors upward, and seems to be in good condition, but this cannot be ascertained till the fire dies out.

There is no doubt about the store being robbed, as some of the parties first on the ground found a new pair of pants where they had been dropped on the ground, near the next door to the building.

Two years ago Mr. Benjamin's safe was blown open.

WILL SAIL ACROSS FRANCE.

Airship To Be Given a Thorough Test by the Government.

New York, July 5.—The airship constructed by the Mm. Lebaudy, has begun its voyage from Paris to the eastern frontier of France, according to a Paris cable to the Herald.

The stages of the journey has been arranged by M. Berteaux, the minister of war, and the airship is placed under command of Colonel E. Boutteaux, director of the military aerostatic bureau at Chalais.

After making the ascent Colonel Bouttleuax from the airship reconnoitered the environs of Meaux and indicated a place for a descent on the race course, where two wagons with the tubes of hydrogen, ordered from a factory at Meaux, were in waiting.

At a quarter to 4 o'clock in the morning the departure was made from Moisson and after an excellent voyage in the air the descent was made at 20 minutes past 6 o'clock, the 90 kilometers being covered in two hours and thirty-five minutes.

The steerable airship was the anchored awaiting instructions from Colonel Bouttleuax.

Hanson Will Not Resign.

Macon, Ga., July 5.—In a personal interview here Major J. F. Hanson said there was no ground for a statement in New York to the effect that Samuel G. Parrott, now vice president of the Georgia Southern and Florida railroad, would soon become president of the Central. From facts gathered in Macon the impression is that the Central's officials from president on down, are in perfect harmony with each other and the people who own the road.

Death at Automobile Races.

New York, July 5.—A succession of serious accidents attended the first series of automobile racing at Morris Park. While driving a ninety horsepower car in the heavy weight championship class, Paul Satori dashed through a fence, fatally injuring a boy named Hollahan, who was looking on. Sartori himself escaped. The accident occurred when the racers were traveling at a terrific speed, Sartori covering a mile in less than a minute when he struck the three-quarter turn.

HIS IDEALS FADED.

"A public official should be clean as a hound's tooth," said President Roosevelt early in his administration. But the President has made a sad departure from that high standard for public officials, of late. He has attempted to vindicate Paul Morton, Secretary of the Navy, without due process of law; he has dismissed former Minister Bowen but retained Assistant Secretary of State Loomis, after Mr. Loomis has been proven to have invested in Venezuelan securities while minister to that country, and now he has exalted Loomis by making him a special ambassador to France to receive the body of John Paul Jones, and has arranged that Mr. Loomis' European vacation shall cost him nothing by giving him a commission to investigate the American diplomatic posts in Europe. The President's bold stand for railway rate legislation won for him the respect of Americans irrespective of party and many there were who hoped that we had returned to the early days of the republic, at least to the extent of having a non-partisan President. The President's courageous stand with regard to the tariff hogs who are standing "with their feet in the trough," added to the hosts of his admirers, although his tariff reform position was soon abandoned. It may still be that Democrats in Congress will have to support the President in his campaign against "the railroads which monopolize the great highroads of the country," but no admirer of Theodore Roosevelt can but regret that he should have so departed from his high ideals as he has done in the Morton, the Bowen and the Loomis cases.

FLORIDA ORANGES.

The people who expressed the opinion that the orange crop of the State would in a few years be confined to the South of the State, will soon find out that they are sadly mistaken. There are many men in the nursery and orange growing business who are investigating the different varieties and are every year producing a different growth of tree on which to bud fruit that will grow in the extreme northern part of the State and thrive.

New trees are being produced that will shed their foliage early in the winter and remain dormant later in the spring, so as to not be affected in case the winter is quite severe. When the trees cease to grow in winter, the cold weather will not cut much of a figure with the orange crop of Florida.

Mr. H. S. Graves of Gainesville has been experimenting with a growing tree that will produce fine fruit, and has ascertained that he has one that will not grow in winter under the most favorable circumstances. He took particular pains to keep one of these trees in a warm place where house plants did well last winter, and he could not induce it in any way to deviate from its natural course, but in the spring came forth in a healthy condition.

With such trees that will become defoliated and remain dormant all winter, refusing to grow out of season, Mr. Graves is of the opinion that the orange question will soon be solved, and the men who handle groves properly will be able to produce good fruit all over Florida.

WE HOPE SO.

The fact that South Florida was strong enough in the Legislature to capture $30,000 for their mid-winter fair is a very good indication that South Florida can get most anything it goes after. That section of the State seems to be pretty unanimous for Gainesville as the location for the State University.—Pensacola News.

We always win.—Tampa Morning Tribune.

The Florida Mid-Winter Fair Association, in order that all counties and sections may have absolutely equal opportunities in the exhibit departments, have mailed copies of the premium lists to the boards of county commissioners of every county, in order that these boards may make criticisms or suggestions regarding the amounts given for exhibits of different products. When the lists are returned, with suggestions of changes, they will be published and distributed throughout the State, and all desiring lists should address President T. J. L. Brown, Tampa, who will gladly send them as soon as printed. The county having the largest and best general exhibit of products, according to the lists sent out, will receive $2,000, while the county having the second largest and best exhibit will be given $1,000, with prizes ranging downward to the county having the sixth largest and best exhibit. County prizes for special products will also be given.

Innocent men in this and other countries sometimes suffer imprisonment, disgrace and loss of money and time for which they get no redress with freedom. New Zealand is the only land on earth where the iniquity has a remedy. A citizen of New Zealand, a country whose advanced methods are being watched with interest by enlightened governments, who may be arrested for a crime against the State, and on trial found innocent, has his case taken by a Court of Equity, the defendant's earning power is considered and he is reimbursed for the time lost as well as the outlay he may have been subjected to in defending himself. Is there not an opportunity in this connection for some American State or National lawmaker to enroll his name among those who love their fellow man?

Judging from the length of the second effusion of "Fair Play" sent to The Sun for publication, we deem it best to stop the controversy before it crowds out our advertising matter and develops into a war of words that should be settled by the County Board of Public Instruction and not through the press. Our schools are being run on a plan best calculated to build them up, and faithful and efficient teachers are rewarded as best they can. To do anything or say anything that would injure them is not the desire of The Sun.

The situation in Russia is the most deplorable of any nation on the European continent, and equals that of over seventy-five years ago, when that country was nearly on the verge of a collapse. It looks as though the form of government that has oppressed her people so long must surely fall. Japan has asked for upwards of five billion dollars to settle the war indemnity, and if a fourth of that amount is paid out, the country will be poverty-stricken and the suffering will be greater than ever.

If any person ever doubted that the true spirit of loyalty to the Old Flag pervaded the people of this locality, they should have been present at the Fourth of July demonstration in North Gainesville Tuesday. There never was a more enthusiastically patriotic crowd assembled and the spirit of '76 was manifest on every hand. With such demonstrations each year it is impossible for the rising generation to grow up without having the utmost regard for the achievements of our forefathers.

The first number of The Sunday Globe and Union Label, published at Tampa, made its appearance last Sunday. It is printed in magazine form, 16 pages and a cover, and presents a very creditable appearance. A. F. Lovering is owner and editor. It will be published "in the interest of organized labor and the common people."

The Gainesville Sun, in making out her long list of those papers supporting Gainesville for the University, should have included The Lake Butler Star, which is emphatically in favor of Gainesville.—Lake Butler Star [The omission was unintentional.

Merchants who advertise in The Twice-a-Week Sun get good results It has a circulation of over 1,800 in Alachua county, and there are few people in this part of the State who do not take it. There is no better advertising medium in Central Florida.

France has at last succeeded in separating the State from the church. Now the only trouble is that they may get the State so far away that they will not be able to distinguish a church from a livery stable.

Shooting for Prizes.

The Gainesville Guards met at their new range on the Fourth and did some very good shooting at intervals, notwithstanding the rain interfered with them much of the afternoon.

Captain Layton won the medal for the 300 yards range, Private Deveneau captured the 200 yards prize. Lieutenant Blanding was the winner of the prize at all ranges.

There is no doubt but what the boys will send some good marksmen to St. Augustine, at the State shoot in August.

A Pleasant Party.

A pleasant party of North Gainesville folks, bent on a day's outing, picnicked at Haile's Sink on the Fourth. There was plenty of good things to eat and drink, with the result that the day was spent in a most delightful manner. The party returned to their respective homes in the early evening.

NEW AIRSHIP A SUCCESS.

Makes Successful Three-Hour Voyage in Teeth of Wind.

Toledo, O., July 3.—One of the most remarkable flights ever made in an airship has been performed by A. R. Knabenshue, who sailed through the air a distance of 3 miles, landed on top of a 10 story office building in 25 minutes from the time of starting and then returned to the depot from which he started.

The day was ideal for the daring feat. A light wind was blowing from the east and Knabenshue sailed his aerial craft directly in the face of this wind. Two days ago he declared he would sail down town and alight on the top of a ten story building. When he left the starting place he directed the ship straight for the city. When half the distance had been covered an upper current of air carried him up to a distance of 3,000 feet. But the nervy director did not lose control of his machine for a moment and steered it directly for the heart of ahe city

Business was entirely suspended and the entire population gathered in the street to watch the course of the ship. When directly over the skyscraper Knabenshue directed his craft downward and alighted gracefully on the building. A round of applaues greeted the daring navigator who was less excited than any of the spectators.

After examining the ship to see that it was all right and receiving the congratulations of his friends, Knabenshue started on his trip back and going with the wind he made the return voyage in 15 minutes. He declares that his present ship is far superior to others he has navigated, that it is easier managed and that he has solved ahe problem of aerial navigation.

FATAL MOTOR CAR ACCIDENT.

Chauffeur Was Unable to Control Machine—One Woman Killed.

New York, July 3.—A fatal automo main road leading from Clermont-Ferrian to Laschamps, where the start for the race for the international cup will be made, says a Paris dispatch to the Herald.

Baron Henri de Rothschilds' second machinist, Tomissier, and Joseph Jeffreide, another chauffeur in the service of the baron, were returning with two women from Laschamps in a six-horse power automobile which ahe baron drives.

The automobile was traveling down one of the long slopes at a tremendous pace when the driver, seeing a turn in front of him, applied the brakes. As a result the back wheels "skidded" on the greasy surface of the road and the vehicle crashed against ahe piers of a small stone bridge. The four occupants of the automobile were hurled out from the machine.

A number of barrels of tar stood near. One of the women struck a barrel with her head, which was crushed in and she died instantly. One of the men was also thrown against a barrel with such force that his head went through the side.

Persons near at hand went to the rescue and the manager had been withdrawn from the barrel and and he was then removed to the hospital at Clermont-Ferriand badly hurt. The two oaher occupants, who were thrown into the field, escaped with a slight bruising. The auto was smashed to pieces.

EVEN INJURED IN RAILROAD WRECK

Traffic Is Suspended For Over Fifteen Hours.

GOV. VARDAMAN ON THE TRAIN

While None of the Injured Are Reported Fatally Hurt, Yet Some of Them Are In a Serious Condition—Cause of the Wreck Unknown.

New Orleans, July 3.—A special to the States from Jackson says:

The eastbound passenger train on the Queen and Crescent was wrecked at midnight just beyond Pearl river bridge near here. None of the passengers was killed but several were quite seriously injurd and traffic was tied up for 15 hours. The accident is thought to have been due to a defective flange on one of the engine's wheels, or the displacement of the switch aa which it ocurred. The engine, mail car, baggage coach and combination coach left the rails and were all badly damaged.

The injured are William Jones, white, Meridian; Sampson Bell, negro, Brandon; Cargill Donaldson, negro, Jackson; Quintin Vaughn, porter, Jackson; J. A. Jones, express messenger, Meridian; J. J. Longasree, negro, mail agent; Eugene Blakely, negro, fireman.

Engineer Heron put the brakes on when he felt the train leaving the rails and undoubtedly prevented ahe loss of many lives. Governor Vardaman was in one of the sleepers and escaped with a shaking up. The propty loss was heavy.

SOLONS DENOUNCE LYNCHING.

Georgia Legislature Deplores Unfortunate Affair in State.

Atlanta, July 3—The house of representatives unanimously adopted a resolution severely condemning the action of the mob which took eight prisoners from the jail at Watkinsville in Oconee county and lynched them, and calling upon the governor to offer rewards and to use every means in his power to bring the offenders to speedy justice.

The resolution which was offered by Mr. Wright, of Richmond, created quite a little stir in the house when it was read. It was soon apparent, however, that the only opposition coming from Dr. Whitley, of Douglas, who finally supported the resolution after the adoption of an amendment condemning the crimes committed by the victims of the lynching, as well as the lynching itself.

The resolution as passed calls on the governor not only to offer rewards for the apprehension of the guilty parties, but to send the solicitor general of the attorney general to the scene of the crime and to employ suitable detectives to prosecute the inquiry to the fullest extent with a view to bringing the members of the mob to speedy justice.

WANT COUNTRYMEN TO HELP.

San Francisco Placarded with Appeals to Chinamen.

San Francisco, July 3.—Chinatown is placarded with exhortations to the Chinese to join with their fellow countrymen in China for the repeal of the exclusion laws and a similar notice of conceraed movement has been posted on the door of the Chinese consulate in this city.

Meetings are being held and money subscribed to further the effort to open the doors to colie labor. The circular which has aroused most attention is thaa issued by the general society of Chinese residing in the United States. This circular proclaims that it is an organization of leading Chinese both in this country and in China for the passing through congress of the act of repeal, and states that it has a treasury jointly in the United States and in China, the stock of which wil be sold for $1 a share. All money collected in this way is to go immediately to the promotion of unrestricted Chinese immigration. Other circulars bring attention to the boycott now declared in several parts of the empire against American merchants but what action wil be taken on these is left to the six companies, which arrogate all decisions on commercial questions to themselves. It is impossible to tell with accuracy from what sources the posters originated.

Excitement Runs High.

Nashville, Tenn., July 3.—Excitement continues at fever heat at Scottsville, Ky., caused by the negro population of the place to retaliate on the white people if the alleged negro incendiaries are lynched. The feeling among the white people is so intense that it is feared that th jail will be that it is feared that the jail will be organized. As a precautionary measure two of the negroes charged with arson have been removed to Bowling Green, Ky., for safe keeping. Judge Galloway has been asked to convene a special term of court to try the suspecaed negroes.

Periodic Pains.

Dr. Miles' Anti-Pain Pills are a most remarkable remedy for the relief of periodic pains, backache, nervous or sick headache, or any of the distressing aches and pains that cause women so much suffering.

As pain is weakening, and leaves the system in an exhausted condition, it is wrong to suffer a moment longer than necessary, and you should take the Anti-Pain Pills on first indication of an attack.

If taken as directed you may have entire confidence in their effectiveness, as well as in the fact that they will leave no disagreeable after-effects.

They contain no morphine, opium, chloral, cocaine or other dangerous drugs.

"For a long time I have suffered greatly with spells of backache, that seem almost more than I can endure. These attacks come on every month, and last two or three days. I have never been able to get anything that would give me much relief until I began the use of Dr. Miles' Anti-Pain Pills, and they always relieve me in a short time. My sister, who suffers the same way, has used them with the same results." MRS. PARK, 721 S. Michigan St., South Bend, Ind.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk.

GANEY WAS CHASED.

Four Shots Were Exchanged, But Escaped Convict Again Got Away.

Deputy Sheriff J. H. Granger has returned from Columbia county, where he has been for the past few days on official business.

Officer Granger states that, in company with Deputy Sheriff Terry of Columbia county and a colored man by the name of Kerry Sullivan, he came in contact with Tom Ganey, the escaped convict from Baker's camp at Campville, Saturday afternoon near Columbia City, and that four shots were exchanged between Sullivan and Ganey without effect. The dogs refused to make the chase, with the result that Ganey succeeded in again making his escape into the swamp.

It will be remembered that Ganey was sent up from the circuit court of this county about a year ago for murder, and was sentenced to a life term in prison. He made his successful escape about three months ago.

North Gainesville Marriage.

Notary Public Palmer, who is always awake to the times, had the pleasure Wednesday of uniting in the holy bonds of matrimony John J. Williams and Mrs. Millie M. Crouch, aged fifty and seventy-five, respectively. Notary Palmer performed the ceremony in his usual clever way.

The wedding was a quiet one, only a few friends of the contracting parties being present.

Mr. and Mrs. Williams will continue to reside in North Gainesville, and friends wish them a pleasant matrimonial life.

A Deserving Compliment.

Recognizing their ability as instructors, Profs. Geo. M. Lynch and W. L. Floyd, of the East Florida Seminary faculty, have been appointed by the Board of Control and the State Education Board to be members of the faculty of the summer normal school, which will begin its term on the 10th inst.

The location for the normal has not yet been named, since the law provides that the school shall be conducted "at the seat of the State University." The location will not be announced until later, but it is hoped it will be Gainesville.

For Selling Liquor.

Deputy Sheriff Granger arrested Sol. Hamilton and Dan Williams, colored, upon a charge of selling liquor, near Newberry, Saturday.

The prisoners were arraigned before Judge Mason and required to give a bond of $500 each for their appearance at the next term of the criminal court, or go to jail. The bonds were furnished, and the defendants were released.
